Convergence through Connectivty

About IOGEAR®

IOGEAR, headquartered in Foothill Ranch, CA, offers innovative Consumer Electronics and IT solutions that enable convergence through connectivity in the home, at the office and on the go. Founded in 1999, the company provides a broad range of products that help integrate technologies in everyday life, share resources, decrease clutter and energy consumption, and reduce electronic waste.

The company is environmentally-conscious and emphasizes conserving natural resources to employees and customers through its GREEN initiatives. In addition, IOGEAR has partnered with Trees for the Future to plant one tree for every product purchased on its Web site or by members of its GREEN initiative partner program.

IOGEAR distributes throughout North and South America, Europe and Asia. For further information, please visit IOGEAR's Web site at www.iogear.com or the company's blog at www.iogear.com/blog. IOGEAR can also be followed on Twitter @IOGEAR and Facebook.

A / V & **Digital Home** Solutions

GHDMS52
5x2 HD Audio/Video Matrix Switch with Remote

- Cross-switch 5 different HD media sources between 2 different HD TVs or displays
- HDCP Compliant
- Dolby True HD and DTS Master Audio Support
- Full HD 1080p support
- Auto-adjust video resolution to fit your display*
- Zero signal loss from source to display
- Front panel 3 color LEDs for easy monitoring
- Plug-n-Play

*For HD media sources that support auto video resolution scaling

HDMI

GHDSW4
4-Port HD Audio/Video Switch with Remote

- 4 HDMI inputs and 1 HDMI output
- HDMI® Certified and HDCP Compliant
- Works with DVD players, DVR players, video game consoles, A/V receivers, media servers, computers, set top boxes and many more
- Superior resolution
  - HDTV: maintains 480p, 720p, 1080i, and 1080p resolution
  - PC Support: VGA, SVGA, XGA, SXGA, UXGA (1600 x 1200), and WQXGA (2560 x 1536)
- Switching port via remote control or front-panel pushbutton
- Front-panel LED for port and power status
- Backwards compatible with DVI devices with a DVI (male) to HD (female) adapter (IOGEAR HD/DVI adapter model #GHDFDVIMW6)

GHDSW3
3-Port HD Audio/Video Switch with Remote

- 3 HD inputs and 1 HD output
- HDCP Compliant
- Works with DVD players, DVR players, video game consoles, A/V receivers, media servers, computers, set top boxes and many more
- Superior resolution
  - HDTV: maintains 480p, 720p, 1080i, and 1080p resolution
  - PC Support: VGA, SVGA, XGA, SXGA, UXGA (1600 x 1200), and WQXGA (2560 x 1536)
- Switching port via remote control or front-panel pushbutton
- No power adapter needed
- Backwards compatible with DVI devices with a DVI (male) to HD (female) adapter (IOGEAR HD/DVI adapter model #GHDFDVIMW6)

GCS1792 / GCS1794*
2/4-Port HD Multimedia KVMP Switch with Audio

- Share an HDTV or display, keyboard, mouse and digital surround sound between 2/4 USB/HD computers and consumer electronic devices
- Supports video resolutions: 480i, 480p, 720i, 720p, 1080i and 1080p
- Maximum resolution: 1920 x 1200
- HDCP Compliant
- Dolby True HD and DTS HD Master Audio Support
- Multi-platform and OS support – Blu-ray/DVD players, game consoles, set-top boxes, media servers, and computers running Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- 2 USB 2.0 ports for peripheral sharing
- Convenient switching between devices via keyboard hotkeys or front panel LED pushbuttons
- Complete keyboard and mouse emulation for error free booting and real-time switching

*IOGEAR's DynaSync provides the EDID support for Windows 7

GHIP201U
PC to HDTV over Gigabit Ethernet

- Transmit 1080p HD audio/video signal from a PC to an HD display over Gigabit Ethernet
- Remote USB keyboard and mouse support
- Supports up to 4 displays in either extended or mirror mode

GVC200
DVI-D to HD Converter with Audio

- 1 DVI input and 1 HD output
- Stereo audio
- Full HD 1080p support
- Maximum resolution: 1920 x 1200; Supports DDC

GVS182 / GVS184
2/4-Port HD Audio/Video Splitter

- Stream a single HD media source to 2 or 4 HD displays
- Full HD 1080p support
- HDMI® Certified and HDCP Compliant
- Auto-downscale video resolution to fit all displays*
- Zero signal loss from source to display
- Front panel reset button
- Power LED and Active Port LED
- Plug-n-Play

*For HD media sources that support auto video resolution scaling

GHDC1402P/ GHDC1403P/ GHDC1405P
High Speed HDMI® Cable with Ethernet (6 ft. / 10 ft. / 16 ft.)

- Hi-speed HDMI® Cable
- Rated at 10.2Gbps
- HDCP Compliant
- Full HD 1080p
- Supports 3D
- HDMI Ethernet Channel (HEC)
- Audio Return Channel (ARC)
- 4k (4k x 2k Ultra-high resolution)
- Gas Injected Dielectric process for optimum signal strength
- High-density Triple-shielding for maximum supression of RFI and EMI
- Gold-plated connectors for optimal signal transfer and corrosion resistance
- Backward compatible with DVI

GHDMDVIF
Gold-plated HD Digital Video Adapter

- Connect a DVI-enabled device to an HD-enabled device using a DVI cable
- Zero Signal Loss

GHDCPLRW6
HD Audio/Video Coupler

- Gold-plated connection for better performance
- Connect 2 HD cables up to the maximum distance supported by the source device
- Zero Signal Loss

DVI

GCS1642 / GCS1644*
2/4 Port DualView Dual-Link DVI KVMP Switch and USB 2.0 peripheral sharing

- Share 2/4 Dual-Link DVI monitors, keyboard, mouse and speakers between 2/4 USB computers with dual monitor support
- Video resolution: DVI-D Dual-Link 2560 x 1600
- Supports special monitors with 3840 x 2400
- 2 USB 2.0 ports for peripheral sharing
- Audio enabled - full bass response provides 2.1 stereo sound
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Complete keyboard and mouse emulation for error free booting and real-time switching
- Full support for DDC, DDC2, and DDC2B monitors
- HDCP Compliant

*IOGEAR's DynaSync provides the EDID support for Windows 7

GVC100
VGA to DVI Converter

- 1 VGA input and 1 DVI output
- Support dual power source from VGA port or power adapter
- Support up to 1080p
- Maximum resolution: 1920 x 1200; Supports DDC

GCS1782 / GCS1784*
4-Port Dual-Link DVI KVMP Switch w/ 7.1 audio and USB 2.0 peripheral

- Video Resolutions:
  - DVI-D Dual-Link: 2560 x 1600
  - Supports special monitors with 3840 x 2400
- 2 USB 2.0 ports for peripherals sharing
- Share a 7.1 Audio surround sound system
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Complete keyboard and mouse emulation for error free booting and real-time switching
- Full support for DDC, DDC2, and DDC2B monitors
- HDCP Compliant

*IOGEAR's DynaSync provides the EDID support for Windows 7

GVE200
DVI-D CAT5e/6 MiniExtender

- Extend DVI-D video signal through a single CAT5e or CAT6
- Up to 100 ft. (30m) for 1920 x 1080 resolution
- No power adapter is required
- Gold-plated DVI-D connection for better performance

GVE250
DVI CAT5e/6 Extender with Audio Support

- Extend DVI video with audio via CAT5e/6 cables
- Long distance transmission 1920 x 1200 up to 190 ft. (60m)
- Support mono audio
- Equalization can be adjusted manually
- HDCP Compliant

GHDFDVIMW6
Gold-plated HD Digital Video Adapter

- Connect an HDMI-enabled device to a DVI-enabled device using an HDMI cable
- Zero Signal Loss

G2LDI006
6 ft. Dual Link DVI-I Male to Male Cable

- Digital Video: transfers uncompressed digital video
- Supports up to 2560 x 1600 @ 60Hz
- Gold-plated Dual Link DVI-I connectors
- High Quality: custom designed for high video quality
- Transition Minimized Differential Signaling (TMDS)

VGA

GVS144TX / GVS148TX

4/8-Port VGA CAT5e/6 Audio/Video Splitter

- Split and extend 1 VGA source with audio over 4 VGA monitors and powered speakers via CAT5e/6
- Audio enabled (mono)
- High resolution 1920 x 1200 @ 60Hz
- Provides local VGA video and 3.5mm audio port
- Supports up to 225 MHz bandwidth
- Built-in 8KV / 15KV ESD protection
- Connect with VGA CAT5e/6 Audio/Video Receiver (Part No: GVE140RX)*
- Extends up to 300m (990 ft.) away from the receiver unit*
- High resolution support - Up to 1920 x 1200 @ 60Hz for 495 ft. (150m) and 1280 x 1024 @ 60Hz for 990 ft. (300m)*
- Easy Installation
- Plug-n-Play

GVE140RX

VGA CAT5e/6 Audio/Video Receiver

- Works with 4/8-Port VGA CAT5e/6 Audio/Video Splitter (IOGEAR Part No: GVS144TX/GVS148TX)
- Connects to the IOGEAR transmitter unit via a single CAT5e/6 cable
- Maximum distance of 990ft (300m) away from the transmitter unit
- High resolution support - Up to 1920 x 1200 @ 60Hz for 495 ft. (150m) and 1280 x1024 @ 60Hz for 990 ft. (300m)
- Audio supported (Mono)
- Adjustable Video Gain / Compensation control
- Professional RGB Deskew function control for adjusting color phase and timing errors of RGB signals to provide a crystal clear video experience
- Built-in 8KV / 15KV ESD protection

GVS72 / GVS74 / GVS78

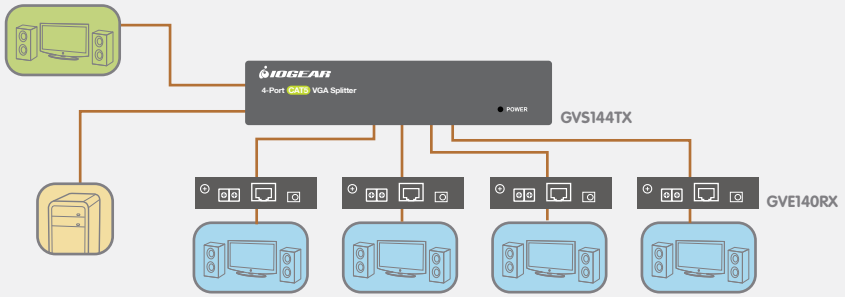
2/4/8 Port VGA Video Splitter for use w/Analog Displays

- Ultra High 350 MHz bandwidth
- Superior video quality, maintains highest signal strength in all applications up to 1920 x 1440
- Includes IOGEAR's patented VSE (Video Signal Enhancement) Technology which amplifies video signal strength throughout your desire set-up
- Amplifies video signals increasing transmission distance up to 215 feet
- Supports multiple VGA monitors
- Daisy chainable; Allows you to expand your video splitter set up beyond the 2, 4, or 8 ports
- Hassle free, no software to install for instant installation and use
- Hot plug capability, hot swappable, Plug-n-Play
- Compact design for easy placement
- Supports DDC, DDC2, DDC2B at Port 1

*IOGEAR Part No: GVE140RX required per display and sold separately

How do GVS144TX/GVS148TX work together with GVE140RX?

- Connect analog source (VGA) to the GVS144TX/GVS148TX
- Connect your analog (VGA) monitors or displays and powered speakers to the IOGEAR GVE140RX*
- Use Local audio / video port to preview the source content being distributed
- Stream and extend your audio video content over 4/8 separate monitors or displays and powered speakers up to 990 ft. away*



*IOGEAR Part No: GVE140RX required per display and sold separately

GVS62
2-Port VGA Video Splitter for use w/Analog Displays

- High 250 MHz bandwidth for superior video quality
- Cascadable - Allows you to expand your video splitter set up beyond 2 displays
- Long distance transmission - up to 210 ft. (65m)
- High video resolution - up to 1920 x 1440; DDC, DDC2, DDC2B Compatible (Port 1 only)
- Compact design with convenient topside connection, lays flat on a desktop or mounts on the wall
- Supports VGA, XGA, SVGA, UXGA and multisync monitors

GVE130
VGA CAT5e/6 Video Extender Kit

- Uses CAT 5e/6 cable to connect the local and remote units up to 500 ft. (150m)
- Supports VGA, SVGA, XGA, SXGA and multisync monitors
- High resolution video - Up to 1280 x 1024 from 500 ft. (150m) away
- 16 position adjustable video gain control
- Supports a local and a remote display
- Sturdy design for long lasting durability
- Compact design for easy placement

G2LVGAE006/ G2LVGAE025/G2LVGAE050/ G2LVGAE100
Ultra-Hi-Grade VGA Extension Cables (6 ft. / 25 ft. / 50 ft. / 100 ft.)

- Connectors: HD15 Male to HD15 Female
- Accommodates cable runs up to 100 ft. without a signal booster
- CL3 rated
- Constructed from premium grade double-shielded twisted pairs and triple-shielded coax
- Ultra shielded for protection from EMI / RFI interference
- Ideal for video presentation devices, home theatre and HDTV applications, classroom environments, POS, server rooms and more

G2LVGA006
Ultra-Hi-Grade VGA Male to Male Cable (6 ft.)

- Connectors: HD15 Male to HD15 Female
- Accommodates cable runs up to 100 ft. without a signal booster
- CL3 rated
- Constructed from premium grade double-shielded twisted pairs and triple-shielded coax
- Ultra shielded for protection from EMI / RFI interference
- Ideal for video presentation devices, home theatre and HDTV applications, classroom environments, POS, server rooms and more

Serial Converter

GUC232A
USB to Serial RS-232 Adapter

- Add one Serial port to your PC or Mac via USB connector
- Provide connections to legacy devices on your latest operating systems
- Compatible with Serial RS232 supported devices such as a set-top box, POS system, PDA cradles and sewing machines
- LED status light for data transfer monitoring
- Bus powered; No external power source required

Digital Entertainment

DESIGN & ENGINEERING SHOWCASE HONORS 2011 INNOVATIONS INTERNATIONAL CES®

GKM571R

2.4GHz Multimedia Mini Keyboard with Optical Trackball and Scroll Wheel

- Wireless 2.4GHz palm-size multimedia keyboard designed for your entertainment center
- Ideal convenience to drive the PC to TV content you want, when and how you want it
- Brilliant auto-light sensing backlight LED for use in low light and dark rooms
- Keyboard auto-power activated by opening and closing the protective keyboard cover
- Backlight LED can be turned on/off for battery saving
- 2.4GHz technology offers greater range up to 33 feet away from your computer / home theater PC
- Built-in optical trackball with 400, 800, and 1200 dpi selections
- Built-in left and right mouse buttons with built-in scroll wheel
- Windows Media Center shortcut keys for easy access
- The perfect solution for Digital Living Rooms or PC to TV

Front

Top

GKM581R

2.4GHz Wireless On-Lap Keyboard with Optical Trackball and Scroll Wheel

- Ergonomic wireless 2.4GHz keyboard with built-in optical trackball, left / right buttons and scroll wheel features
- Brilliant on-lap design - Ideal for a convenient PC to TV experience from the comfort of your couch
- 2.4GHz technology offers greater wireless range up to 33 feet away from your computer / home theater PC
- Conveniently placed left-click button for exceptional and precise singlehanded navigation
- Built-in optical trackball with 1000DPI
- 13 multimedia hotkeys for quick access from Internet Browser, My Computer and Windows Media Player track and volume control
- Slip resistant design with rubber grip
- Battery Low LED
- USB port for included rechargeable NiMH batteries
- The perfect solution for Digital Living Rooms or PC to TV

GKM681R

2.4GHz Wireless Compact Keyboard with Optical Trackball and Scroll Wheel

- 2.4GHz Wireless Compact Keyboard with built-in optical trackball, left / right buttons and scroll wheel
- Ideal convenience to drive the PC to TV content you want, when and how you want it
- 2.4GHz technology offers greater wireless range up to 33 feet away from your computer / home theater PC
- Conveniently placed buttons and optical trackball for exceptional and precise singlehanded navigation
- Ultra-responsive trackball
- 16 multimedia hotkeys for quick access from Internet Browser, My Computer and Windows Media Player track and volume control
- The perfect solution for Digital Living Rooms or PC to TV

GKM561R

2.4GHz Multimedia Keyboard with Laser Trackball and Scroll Wheel

- Ultra-slim ergonomic wireless 2.4GHz keyboard with built in laser trackball, left / right buttons and scroll wheel features.
- Ideal convenience to drive the PC to TV content you want, when and how you want it
- 2.4Ghz technology offers greater range up to 33 feet away from your computer
- Built-in laser trackball with 400, 800, and 1200 dpi selections
- 19 hotkeys for multimedia functions
- Slip resistant design on both sides with rubber grip

GUWAVKIT2

Wireless HD Computer to TV Kit

- Eliminate Cable Clutter – Connect your computer to TV, monitor, or projector wirelessly without the long and unattractive cable run
- HDMI / VGA output – Use HDMI output for both video & audio or use VGA with 3.5mm audio connection to fulfill your installation needs
- Certified Wireless USB – Works with the USB port on your PC or Mac, no HDMI output connector needed
- Wireless HD Video – Up to 720p video streaming; Supports resolutions up to SXGA 1400 x 1050
- Ultra-Fast – Strong and reliable wireless signals, ideal for streaming media content across the room
- Easy & Secure – No complicated network setup

KVM / KVMP Solutions

GCS1642 / GCS1644*

2/4-Port DualView Dual-Link DVI KVMP Switch with USB 2.0 Peripheral Sharing

- Share 2 Dual-Link DVI monitors, keyboard, mouse and speakers between 2/4 USB computers with dual monitor support
- Video resolution: DVI-D Dual-Link 2560 x 1600
- Supports special monitors with 3840 x 2400
- 2 USB 2.0 ports for peripheral sharing
- Audio enabled - full bass response provides 2.1 stereo sound
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Complete keyboard and mouse emulation for error free booting and real-time switching
- Full support for DDC, DDC2, and DDC2B monitors
- HDCP Compliant

*IOGEAR's DynaSync provides the EDID support for Windows 7

Desktop KVMs

GCS1792 / GCS1794*

2/4-Port HD Multimedia KVMP Switch with Audio

- Share an HDTV or display, keyboard, mouse and digital surround sound between 2/4 USB/ HD computers and devices
- Supports video resolutions: 480i, 480p, 720i, 720p, 1080i and 1080p
- Maximum resolution: 1920 x 1200
- 2 USB 2.0 ports for peripheral sharing
- Dolby True HD and DTS HD Master Audio Support
- Multi-platform and OS support – Blu-ray/DVD players, game consoles, set-top boxes, media servers, and computers running Windows®*, Mac, Sun Solaris™, and Linux®
- HDCP Compliant
- IOGEAR's DynaSync remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Asynchronous hotkey switching between KVM focus, USB peripherals, and audio ports
- Complete keyboard and mouse emulation for error free booting and real-time switching

GCS1782 / GCS1784*

2/4-Port Dual-Link DVI KVMP Switch with 7.1 Audio and USB 2.0 Peripheral Sharing

- Share a Dual-Link DVI monitor, keyboard, mouse and 7.1 surround sound between 2/4 USB computers
- Video resolution: DVI-D Dual-Link 2560 x 1600
- Supports special monitors with 3840 x 2400
- 2 USB 2.0 ports for peripheral sharing
- Share a 7.1 audio surround sound system
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Complete keyboard and mouse emulation for error free booting and real-time switching
- Full support for DDC, DDC2, and DDC2B monitors
- HDCP Compliant

GCS1204*

4-Port Dual-Link DVI KVMP Switch with 2.1 Audio and USB 2.0 Peripheral Sharing

- Share a Dual-Link DVI monitor, keyboard, mouse and speakers between 4 USB computers
- Video resolution: DVI-D Dual-Link 2560 x 1600
- Supports special monitors with 3840 x 2400
- 2 USB 2.0 ports for peripheral sharing
- Audio enabled - full bass response provides 2.1 stereo sound
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Complete keyboard and mouse emulation for error free booting and real-time switching
- Full support for DDC, DDC2, and DDC2B monitors
- HDCP Compliant

GCS1102 / GCS1104*

2/4-Port USB DVI KVMP Switch with Audio and USB Peripheral Sharing

- Share a DVI monitor, keyboard, mouse and speakers between 2/4 USB computers
- Superior video quality - 1920 x 1200 @ 60 Hz; DDC2B
- Fully compliant with the USB 2.0
- Audio enabled - stereo sound
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Hot Pluggable - Add or remove computers for maintenance without powering down the switch
- Complete keyboard and mouse emulation for error free booting and real-time switching
- USB firmware upgradeable
- Full support for DDC, DDC2, and DDC2B monitors
- HDCP Compliant

*IOGEAR's DynaSync provides the EDID support for Windows 7

GCS1802 / GCS1804*

2/4-Port USB 2.0 VGA KVMP with Audio and On Screen Display

- Share a VGA monitor, keyboard, mouse, 2.1 stereo speakers, microphone, and other USB 2.0 peripherals among 2/4 USB computers
- Maximum VGA video resolution 2048 x 1536
- Supports widescreen monitors
- 2 USB 2.0 ports for peripheral sharing
- Three convenient computer switching methods - front panel pushbutton, On Screen Display (OSD), or hotkeys
- Audio enabled - full bass response provides 2.1 stereo sound
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Keyboard and mouse emulation for error free booting and real-time switching
- Supports programmable mice
- Auto Scan Mode for sequentially monitoring all computers

Console: USB | Computers: USB PS/2 | VGA | OS Support: PC/ MAC/ Sun/ Linux

*IOGEAR's DynaSync provides the EDID support for Windows 7

GCS1732 / GCS1734

2/4-Port USB-PS/2 VGA KVMP Switch with Audio

- Share a VGA monitor, keyboard, mouse, stereo speakers, microphone, and USB peripherals among 2/4 USB computers
- Maximum video resolution up to 2048 x 1536
- Fully compliant with USB 1.1 specifications
- Audio enabled - stereo sound
- Multi-platform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Complete keyboard and mouse emulation for error free booting and real-time switching
- Auto-scan mode for monitoring all computers
- LED display for easy status monitoring

Console: USB | Computers: USB PS/2 | VGA | OS Support: PC/ MAC/ Sun/ Linux

GCS1742 / GCS1744

2/4-Port DualView USB VGA KVMP Switch with Audio and USB Peripheral Sharing

- Share 2 VGA monitors with a keyboard and mouse among 2/4 USB computers with dual monitor support
- Maximum video resolution up to 2048 x 1536
- Fully compliant with USB 1.1 specifications
- Audio enabled - stereo sound
- Multi-platform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Complete keyboard and mouse emulation for error free booting and real-time switching
- Fully support DDC2B
- Auto-scan mode for monitoring all computers
- LED display for easy status monitoring

Console: USB | Computers: USB | VGA | OS Support: PC/ MAC/ Sun/ Linux

GCS1774

4-Port USB VGA KVMP Switch with Built-in Ethernet Switch, Audio, and USB 2.0 Peripheral Sharing

- Share a VGA monitor, keyboard, mouse, stereo speakers, microphone, Ethernet connection, and USB peripherals between 4 USB computers
- Maximum video resolution up to 2048 x 1536
- 2 USB 2.0 ports for peripheral sharing
- Audio enabled - stereo sound
- Multi-platform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- Built-in 5 port 10/100 Mbps Ethernet switch allows you to easily network and share Internet with your computers
- Asynchronous hotkey switching between KVM focus, USB peripheral, and audio ports
- Keyboard and mouse emulation for error-free boot up
- Auto-scan mode for monitoring all computers

Console: USB | Computers: USB | VGA | OS Support: PC/ MAC/ Sun/ Linux

Rack Mount KVMs

GCS1716*
GCS1716KIT / GCS16KIT (w/Cables)
16-Port USB PS/2 Combo KVM Switch with On Screen Display (OSD)

- Share one VGA monitor, keyboard, mouse, and a USB peripheral between 16 USB or PS/2 computers
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- Easy to operate - computer selection via front panel pushbuttons, intuitive OSD (on screen display), and hotkeys
- Cascade up to 2 levels - control up to 256 computers from a single console
- Security - 2 level password protection for OSD
- Maximum video resolution up to 2048 x 1536
- Front USB Port - Fully compliant with USB 1.1 for system upgrades and shared peripherals**
- Rack mountable in a 19" (1U) system rack***
- Custom ASIC provides an auto-sensing function that recognizes the position of each station on the installation
- Fully supports DDC2B

*IOGEAR's DynaSync provides the EDID support for Windows 7
**Only systems connected with the USB KVM cables will be able to access the front USB port for system upgrades and shared peripherals
***Includes rack mount kit

GCS1808*
GCS1808KIT / GCS1808KITU / GCS1808KITP (w/cables)
8-Port USB PS/2 Combo KVMP Switch with On Screen Display (OSD)

- Share one VGA monitor, keyboard, mouse, and a USB peripheral between 8 USB or PS/2 computers
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- Easy to operate - computer selection via front panel pushbuttons, intuitive OSD (on screen display), and hotkeys
- Cascade up to 2 levels - control up to 128 computers from a single console**
- Security - 2 level password protection for OSD
- Maximum video resolution: up to 2048 x 1536
- Front USB Port - Fully compliant with USB 1.1 for system upgrades and shared peripherals***
- Rack mountable in a 19" (1U) system rack****
- Custom ASIC provides an auto-sensing function that recognizes the position of each station on the installation
- Fully Supports DDC2B

*IOGEAR's DynaSync provides the EDID support for Windows 7
**Cascade compatible with GCS1716 for control over 128 computers
***Only systems connected with the USB KVM cables will be able to access the front USB port for system upgrades and shared peripherals
****Includes rack mount kit

GCS1758
GCS1758KIT (w/cables)
8-Port USB-PS/2 VGA KVM Switch with Audio and On Screen Display (OSD)

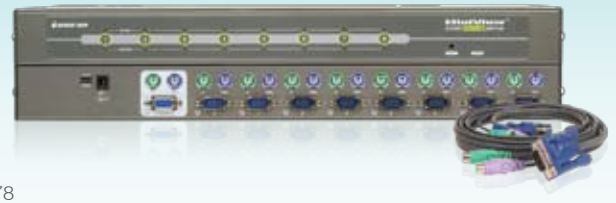
- Share one VGA monitor, keyboard, and mouse between 8 USB or PS/2 computers
- Multi-platform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- Easy to operate - computer selection via front panel pushbuttons, intuitive OSD (on screen display), and hotkeys
- Total capacity expandable to support 512 computers via 3 levels of cascading
- Security - 2 level password protection for OSD
- Maximum video resolution up to 2048 x 1536
- Audio support allows sharing multimedia speakers and microphone
- Designed for both desktop and rack mount - 19" (1U) system rack*
- Complete keyboard emulation for error free booting
- Hot Pluggable - both console side and computer side can hot swap and auto-detect device changes
- Auto-Scan mode for monitoring all computers
- Supports DDC2B

*Includes rack mount kit

GCS138
GCS138KIT (w/cables)
8-Port PS/2 VGA KVM Switch with On Screen Display Control (OSD)

- Share one VGA monitor, keyboard, and mouse between 8 PS/2 computers
- Total capacity expandable to support 512 computers via 3 levels of cascading
- Easy to operate - computer selection via front panel pushbuttons, intuitive OSD (on screen display), and hotkeys
- Maximum video resolution up to 1920 x 1440
- Multi-platform OS support - Windows® and Linux®
- Designed for both desktop and rack mount - 19" (1U) system rack*
- Complete keyboard emulation for error free booting
- Hot Pluggable - both console side and computer side can hot swap and auto-detect device changes
- Keyboard/mouse translation allows PS/2 peripherals to control both PS/2 and serial-based computers
- Auto-Scan mode for monitoring all computers

*Includes rack mount kit



GCS78
GCS78KIT (w/cables)
8-Port PS/2 VGA KVM Switch

- Share one VGA monitor, keyboard, and mouse between 8 PS/2 computers
- Maximum video resolution up to 1920 x 1440
- Multi-platform OS support - Windows® and Linux®
- Easy to operate - computer selection via front panel pushbutton, and hotkeys
- Designed for both desktop and rack mount - 19" (1U) system rack*
- Complete keyboard emulation for error free booting
- Hot Pluggable - both console side and computer side can hot swap and auto-detect device changes
- Auto-Scan mode for monitoring all computers

*Includes rack mount kit

LCD Console with KVM

GCL138
LCD Console Drawer and 8-Port PS/2 VGA KVM Switch Bundle

- Integrated KVM console featuring a 17" LCD monitor, keyboard and touchpad
- 1024 x 768 resolution provides a sharp video display
- Easy to operate - computer selection via front panel pushbuttons, intuitive OSD (on screen display), and hotkeys
- Multi-platform OS support - Windows® and Linux®
- Total capacity expandable to support 512 computers via 3 levels of cascading
- Rack mountable in a 19" (1U) system rack and adjustable depth to fit different sizes of racks*
- Complete keyboard emulation for error free booting
- Connected computers can be added or removed from the setup without disturbing the other computers
- Keyboard/mouse translation allows PS/2 peripherals to control both PS/2 and serial-based computers
- Auto-Scan mode for monitoring all computers

*Includes rack mount kit

LCD KVM

GCL1808 / GCL1816
8/16-Port LCD KVM

- Integrated 17" TFT LCD active matrix monitor console with built-in KVM switch
- Video resolution up to 1280 x 1024@ 75Hz
- Space saving technology—up to two consoles (one bus) control up to 8/16 computers
- Extra console port—manage computers in the LCD KVM switch from an external console
- Supports Windows, Windows®, Mac, Sun Solaris™ , and Linux®
- Dual interface KVM support - PS/2 and USB Computers
- Front panel external USB mouse port
- Rack mountable in a 19" (1U) system rack; both short and long L brackets
- Adjustable depth to fit different sizes of racks
- Front USB Port* - for system upgrades and shared peripherals (Fully compliant with USB 1.1)
- DDC Emulation - Video settings of each computer are automatically adjusted for optimal output to the monitor
- Dedicated hotkey mode and OSD Invocation Keys
- Convenient computer selection via mouse-driven OSD
- Cascade additional KVM switches – Compatible with GCS1808 and GCS1716
- Hot Pluggable—Add or remove computers without powering down the switch
- OSD port list automatically expands when new stations are added
- 2 Level Password Security—Administrator/User password authorization for enhanced security protection
- Custom ASIC provides an auto-sensing function that recognizes the position of each station on the installation
- Fully Supports DDC2B
- Firmware upgradeable

Back

*Only systems connected with the USB KVM cables will be able to access the front USB port for system upgrades and shared peripherals

LCD Console

GCL1800
17" LCD Combo Console

- Integrated KVM console featuring a 17" TFT LCD active matrix monitor, keyboard and touchpad
- Video resolution up to 1280 x 1024 @ 75Hz
- Rack mount in a 19" (1U) system rack; both short and long L brackets
- Adjustable depth to fit different sizes of racks
- Support for PS/2 and USB Computers
- Extra console port—manage computers on the LCD KVM switch from an external console (VGA, PS/2 and USB)
- Front panel external USB mouse port
- Supplied grounding cable
- Firmware upgradeable

Cable KVMs

GCS62HU*

2-Port HD Cable KVM Switch with Audio

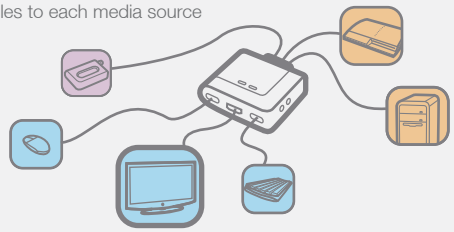
- Share an HDTV or display, keyboard, and mouse between 2 USB/HD computers and consumer electronic devices
- HDCP Compliant
- Dolby True HD and DTS HD Master Audio Support
- Multi-platform and OS support – Blu-ray/DVD players, game consoles, set-top boxes, media servers, and computers running Windows®*, Mac, Sun Solaris™, and Linux®
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Supports video resolutions: 480i, 480p, 720i, 720p, 1080i and 1080p
- Maximum resolution: 1920 x 1200
- Molded-in cables to simplify setup
- Port selection through convenient keyboard, mouse hotkeys and pushbutton remote
- Plug-n-Play; No power adapter needed

Console: USB | Computers: USB | HDMI | OS Support: PC/ MAC/ Sun/ Linux

*IOGEAR's DynaSync provides the EDID support for Windows 7

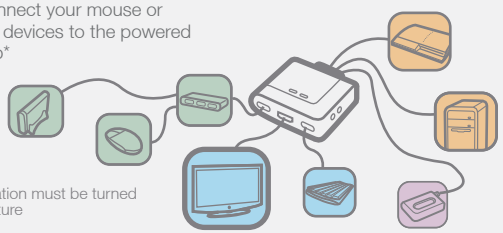
Standard Setup

- Connect your HD TV or display, keyboard and mouse to the KVM
- Press the remote switch button to switch between media sources
- Connect the set of USB KVM cables to each media source



Advanced Setup

- Connect your HD TV or display and keyboard to the KVM
- Connect the set of USB KVM cables to each media sources
- Connect your powered USB 2.0 Hub to the mouse port on the KVM; connect your mouse or any USB devices to the powered USB Hub*
- Press the remote switch button to switch between media sources



*Mouse emulation must be turned off for this feature

GCS661U

2-Port USB Laptop KVM Switch with File Transfer

- Control and work on 2 computers conveniently at the same time on 1 screen
- Use your desktop's larger monitor and standard size keyboard to control your netbook
- Built-in File Transfer Utility for creating backups, updating, and transferring files between the connected computers
- Access computers and manage files
- Portable all-in-one cable design (USB 2.0)
- Match remote screen - Fits the second computer's desktop image to your primary screen
- 1 USB 2.0 port for a USB device (such as a printer or storage drive)
- Supports Windows XP, Windows Vista 32-bit / 64-bit and Windows 7
- Plug-n-Play; No power adapter needed

Console: USB | Computers: USB | OS Support: PC

GCS632U*

2-Port USB VGA KVM Switch with Audio and Built-in Cable Design

- Share one VGA monitor, keyboard, mouse, and multimedia speakers between two USB computers
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- Port selection through convenient hotkeys
- Molded-in cables to simplify setup
- Share your multimedia speakers among the two connected computers
- Maximum video resolution up to 2048 x 1536
- Complete USB mouse and keyboard emulation for error-free boot-up
- No software required
- Auto-Scan mode for monitoring all computers
- LEDs allow for easy status monitoring

Console: USB | Computers: USB | VGA | OS Support: PC/ MAC/ Sun/ Linux

*IOGEAR's DynaSync provides the EDID support for Windows 7

GCS634U*

4-Port USB VGA KVM Switch with Audio and Built-in Cable Design

- Share one VGA monitor, keyboard, mouse, and multimedia speakers among 4 USB computers
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- Maximum video resolution up to 2048 x 1536
- Connect speakers to enjoy audio from any connected system
- Expandable & extendable: two molded-in cables, and two detachable cables
- Select system by tapping hotkeys on keyboard
- Complete USB mouse and keyboard emulation for error-free boot-up
- Requires no software
- Requires no external power
- LEDs allow for easy status monitoring

Console: USB | Computers: USB | VGA | OS Support: PC/ MAC/ Sun/ Linux

*IOGEAR's DynaSync provides the EDID support for Windows 7

GCS72U

2-Port USB Cable KVM Switch with Audio and Mic

- One USB keyboard, USB mouse, and VGA monitor control two computers
- Multi-platform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- Maximum video resolutions up to 2048 x 1536, DDC2B
- Computer selection via convenient a one touch pushbutton switch that can be placed on your desk
- 2.1 Stereo audio and microphone support
- Molded-in cables to simplify setup
- No power adapter required
- Plug-n-Play

Console: USB | Computers: USB | VGA | OS Support: PC/ MAC/ Sun/ Linux

GCS22U / GCS24U

2/4-Port Compact USB VGA KVM Switch with Built-in Cable Design

- Share one VGA monitor, keyboard and mouse between 2/4 USB computers
- Multi-platform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- Molded-in cables to simplify setup
- Maximum video resolution up to 2048 x 1536, DDC2B
- No software drivers required
- No power adapter required
- Plug-n-Play

Console: USB | Computers: USB | VGA | OS Support: PC/ MAC/ Sun/ Linux

GCS42UW6

2-Port Compact USB VGA KVM with Built-in Cables

- Share one VGA monitor, keyboard and mouse between 2 USB computers
- Multi-platform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- Molded-in cables to simplify setup
- Maximum video resolution up to 2048 x 1536, DDC2B
- No software drivers required
- No power adapter required
- Plug-n-Play

Console: USB | Computers: USB | VGA | OS Support: PC/ MAC/ Sun/ Linux

GCS612A / GCS614A

2/4-Port PS/2 VGA KVM Switch with Audio and Built-in Cable Design

- Share one VGA monitor, keyboard, mouse, and multimedia speakers between 2/4 PS/2 computers
- Molded-in cables to simplify setup
- Share multimedia speakers among 2/4 computers
- Multi-platform OS support - Windows® and Linux®
- PS/2 mouse emulation for error-free boot-up
- Port selection through convenient hotkeys
- Maximum video resolution up to 2048 x 1536
- LEDs allow for easy status monitoring
- Plug-n-Play

Console: PS/2 | Computers: PS/2 | VGA | OS Support: PC / Linux

GCS982U
2-Port Dual-Link DVI-D USB Cable KVM

- Share one Dual-Link DVI monitor, keyboard, mouse, and speakers between 2 computers
- Multi-platform OS support - Windows®*, Mac, Sun Solaris™, and Linux®
- Hotkey switching allows the focus of the KVM and the audio functions to be independently switched between computers; listen to music from one computer while working on the other
- DVI Dual-Link monitor resolutions up to 2560 X 1600
- USB Peripheral Sharing via mouse port. Connect a powered USB Hub to expand your USB connectivity**
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Convenient hotkey, mouse and pushbutton remote switching methods
- Power-On Detection – If one of the computers is powered off, it will automatically switch to the next powered-on computer
- USB mouse and keyboard emulation for error-free boot-up and instantaneous recognition when switching computers
- Firmware upgradeable
- No software required

*IOGEAR's DynaSync provides the EDID support for Windows 7
**Mouse emulation must be disabled for this feature to function correctly

GCS62
2-Port Compact PS/2 VGA KVM Switch with Built-in Cable Design

- Share one VGA monitor, keyboard, and mouse between two PS/2 computers
- 2-port PS/2 KVM with molded-in cables
- Multi-platform OS support - Windows® and Linux®
- Port selection through convenient hotkeys
- PS/2 mouse emulation for error-free boot-up
- Maximum video resolution up to 1920 x 1440
- LEDs allow for easy status monitoring
- No software required
- Plug-n-Play

GCS932UB
2-Port USB DVI-D Cable KVM with Audio and Mic with Built-in Cable Design

- Share one DVI monitor, keyboard, mouse, and speakers between 2 computers
- Multi-platform OS support - Windows®, Mac, Sun Solaris™, and Linux®
- Hotkey switching allows the focus of the KVM and the audio functions to be independently switched between computers; listen to music from one computer while working on the other
- DVI single link monitor resolutions up to 1920 X 1200 @ 60z
- USB Peripheral Sharing via mouse port. Connect a powered USB Hub to expand your USB connectivity**
- IOGEAR's DynaSync reads and remembers the monitor's parameters (EDID) so there is no delay or change of video resolution when switching between, or booting computers
- Power-On Detection – If one of the computers is powered off, it will automatically switch to the next powered-on computer
- One tap switching with included remote selector switch
- Independent audio/mic switching (hotkey only)
- USB mouse and keyboard emulation for error-free boot-up and instantaneous recognition when switching computers
- Re-programmable hotkey activation for keyboards without a scroll lock key
- Supports two button scroll wheel mice, Mac keyboards and most other Wireless keyboard/mouse sets
- Firmware upgradeable

Console Extenders

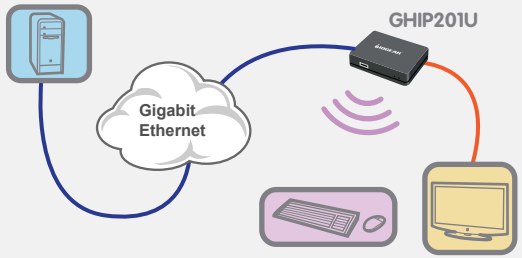
GHIP201U
PC to HDTV over Gigabit Ethernet

- Transmit 1080p HD audio/video signal from a PC to an HD display over Gigabit Ethernet
- USB keyboard and mouse support
- Support up to 4 displays in either extended or mirror mode

How does it work?

- Connect a computer to Gigabit Ethernet with a CAT5e/6 cable
- Connect GHIP201U to Gigabit Ethernet with a CAT5e/6 cable
- Connect an HD display to GHIP201U with an HDMI® cable
- Connect a wireless keyboard and mouse (optional) to GHIP201U

CAT5e/6 cable **HDMI cable**



GCE500U
USB Console Extender

- Extend your KVM console (VGA monitor, USB keyboard & mouse) connection up to 500 ft. via CAT5e cables
- Auto Signal Compensation (ASC) helps make installation easy, with no need to configure DIP switches
- Dual console operation - control your system from either the local or remote consoles
- ESD/Surge Protection
- Maximum video resolutions up to 1920 x 1200 @ 60Hz (30m); 1600 x 1200 @ 60Hz (100m); 1280 x 1024 @ 60Hz (150m)
- USB over-current detection and prevention
- Easy to operate - pushbutton selection between local and remote console
- Local monitor supports DDC; DDC2; DDC2B
- Rack mountable
- Hot pluggable
- Plug-n-Play - no need for any software driver installation

GCE250
PS/2 Console Extender

- Extend your KVM console (PS/2 keyboard, monitor, & PS/2 mouse) connection up to 490 ft. via CAT5e cables
- Dual console operation - control your system from both the local or remote PS/2 keyboard, mouse and monitor consoles
- High resolution video up to 1280 x 1024 @ 60 Hz
- Pushbutton selection enables a console lock/ release for security
- Supports VGA, SVGA, and multisync monitors – local monitor supports DDC; DDC2; DDC2B
- Supports the scroll wheel on most mice
- Automatic gain control – automatically adjusts signal strength to compensate for distance
- Built-in 8KV ESD protection and 2KV surge protection
- Local unit takes its power from the computer, a local power adapter is optional
- Rack mountable (kit included)

Connectivity Solutions

GUWAVKIT2
Wireless HD Computer to TV Kit

- Eliminate Cable Clutter – Connect your computer to TV, monitor, or projector wirelessly without the long and unattractive cable run
- HDMI / VGA output – Use HDMI output for both video & audio or use VGA with 3.5mm audio connection to fulfill your installation needs
- Certified Wireless USB – Works with the USB port on your PC or Mac, no HDMI output connector needed
- Wireless HD Video – Up to 720p video streaming; Supports resolutions up to SXGA 1400 x 1050
- Ultra-Fast – Strong and reliable wireless signals, ideal for streaming media content across the room

GIC320U
2-Port SuperSpeed USB 3.0 PCI-Express Card

- Ten times faster than the current USB 2.0 solution
- Supports transfer data rate of Low-Speed (1.5Mbps), Full-Speed (12Mbps), Hi-Speed (480Mbps), and SuperSpeed (5Gbps)
- Dual profile allows use in low profile & standard cases
- Supports PCI Express base specification revision 2.0
- Backwards compatible with current USB 2.0 and USB 1.1 devices

GEU302
2-Port SuperSpeed USB 3.0 ExpressCard

- Ten times faster than the current USB 2.0 solution
- Supports transfer data rate of Low-Speed (1.5Mbps), Full-Speed (12Mbps), Hi-Speed (480Mbps), and SuperSpeed (5Gbps)
- Fully compliant with ExpressCard 1.0 spec
- ExpressCard/34 form factor
- Backwards compatible with current USB 2.0 and USB 1.1 devices

GUCE711
USB Xtra Booster Ethernet Extender – 450 ft.

- Extend USB connection through CAT5/5e or CAT6 cables
- Access a single USB device from locations up to 450 ft. away via Ethernet connection
- Centralize USB devices or eliminate cable clutter on your desktop
- Plug-n-Play; No driver software or power supply needed
- Fully compliant with (1.0, 1.1) USB standards

GUCE61
USB Xtra Booster Ethernet Extender – 246 ft.

- Extend USB connection through CAT5/5e or CAT6 cables
- Access a single USB device from locations up to 246 ft. away via Ethernet connection
- Centralize USB devices or eliminate cable clutter on your desktop
- Plug-n-Play; No driver software or power supply needed
- Fully compliant with (1.0, 1.1) USB standards

GUCE51
USB Ethernet Extender – 198 ft.

- Extend USB connection through CAT5/5e or CAT6 cables
- Access a single USB device from locations up to 198 ft. away via Ethernet connection
- Centralize USB devices or eliminate cable clutter on your desktop
- Plug-n-Play; No driver software or power supply needed
- Fully compliant with (1.0, 1.1) USB standards

GUE2118
USB 2.0 Booster Extension Cable – 39 ft.

- Built-in booster chipsets amplify high-speed USB 2.0 signals
- Daisy chainable up to three units to support up to 117 ft.
- USB 2.0 transfer rates up to 480Mbps
- Compact size with patent pending secured lock mechanism
- Plug-n-Play; No driver software or power supply needed

GUH285
4-Port Hi-Speed USB 2.0 Hub

- Four USB 2.0 ports provide hi-speed USB expansion
- Side-panel port offers more convenience and flexibility
- Slim, portable, lightweight tooling with tuck-away cable design
- LED indicator shows data access status
- Bus powered; No external power source required

GHU276
3-Port USB 2.0 Mobile Hub w/ Mini-B Charging Cable

- A hybrid of 3-port USB 2.0 Hub and Mini-B USB connector
- Charge and Sync – built-in easy connection for cell phones or other mini-USB devices
- Slim, portable, and lightweight tooling with tuck-away cable design
- Three USB 2.0 ports provide hi-speed USB expansion
- Bus powered; No external power source required

GUH286
5-Port USB 2.0 Hub and 56-1 Card Reader with Mini-B Charging Cable

- Provide five USB 2.0 ports and 56 memory card types reading/writing abilities
- Supports CF, SD, microSD/T-Flash, miniSD, MS/MS Duo/M2 and other common card types with no additional adapters needed
- High capacity support for SDHC and microSDHC cards
- Charge and Sync – built-in easy connection for cell phones or other mini-USB devices
- Power adapter included ensures full power supply for devices such as portable hard drives

GUH287
45-in-1 Mini Combo Hub and Card Reader

- Provide three USB 2.0 ports and multiple memory card reading/writing abilities
- Supports CF, SD, microSD/T-Flash, miniSD, MS/MS Duo/M2 and other common card types with no additional adapters needed
- High capacity support for SDHC and microSDHC cards
- Compact and small form factor design offers great portability
- Backwards compatible with USB 1.1 specifications

GUH274
4-Port Hi-Speed USB 2.0 Micro Hub w/ Power Adapter

- Four USB 2.0 ports provide hi-speed USB expansion
- Supports data transfer rate of up to 480 Mbps
- Slim, portable, lightweight tooling with tuck-away cable design
- LED indicator shows data access status
- Power adapter included ensures full power supply for devices such as portable hard drives

GUH227
7-Port Hi-Speed USB 2.0 Hub

- Seven USB 2.0 ports provide hi-speed USB expansion
- Supports data transfer rate of up to 480 Mbps
- Versatile design offers vertical or horizontal position
- Power adapter included ensures full power supply for devices such as portable hard drives
- Backwards compatible with USB 1.1 specifications

GUH420
4-Port USB 2.0 and 3-Port FireWire™ Combo Hub

- Provide 4 hi-speed USB 2.0 ports and 3 FireWire™ 400 ports
- Supports USB data transfer rate of up to 480 Mbps
- Support FireWire data transfer rate of up to 400 Mbps
- Two hubs in one, reduces desktop clutter
- Versatile design offers vertical or horizontal position

GIC251U
5-Port USB 2.0 PCI Card

- Provide four external and One internal USB 2.0 ports
- Supports USB data transfer rate of up to 480 Mbps
- Add hi-speed USB ports to your computer with latest Windows and Mac support
- Fully backwards compatible with USB 1.1
- Compliant with EHCI (v.1.0), EHCI (v.1.0a) and PCI 2.2 standards

GUB211
2-to-1 USB Printer Auto Sharing Switch

- Easily share a USB 2.0 device between two PCs or Macs without a network set-up
- Automatically switch between two computers when connecting to a USB printer or multifunction printer
- Active-port LED indicators show which computer has the access to the USB device
- Intuitive software interface eliminates the need of pressing the button on the switch
- Compact design offers minimum footprint on your desktop

GUB231 / GUB431
2-to-1 / 4-to-1 USB 2.0 Auto Printer Switch

- Easily share a USB 2.0 device between PCs or Macs without a network set-up
- Automatically switch between two computers when connecting to a USB printer
- Active-port LED indicators show which computer has the access to the USB device
- Switch lock function prevents accidental switch and ensures data access consistency
- Pushbutton option offers a driver free installation process

GUC232A
USB to Serial RS-232 Adapter

- Add one Serial port to your PC or Mac via USB connector
- Provide connections to legacy devices on your latest operating systems
- Work with Serial RS232 supported devices such as set-top box, POS system, PDA cradles and sewing machines
- LED status light for data transfer monitoring
- Bus powered; No external power source required

GUC10KM
USB to PS/2 Converter for keyboard/mouse

- Add one PS/2 keyboard and one PS/2 mouse connectors through a single USB port
- Use your legacy peripherals with the latest operating system support
- Plug-n-Play, no drivers or power supply needed
- Plug and unplug PS/2 devices without rebooting your computer
- No IRQ settings required

GUC1284B
USB to Parallel IEEE 1284 Printer Adapter

- Add one parallel connector through a USB port
- Bi-directional data transfer over parallel Port allows hi-speed printing
- Low power consumption, no external power adapter required
- Plug-n-Play, no drivers or power supply needed
- Supports multiple printers on one computer with additional adapters

GUE216
USB Booster

- Built-in booster chipsets amplify hi-speed USB signals
- Daisy chainable up to four units to supports up to 64 ft.
- USB 2.0 transfer rates up to 480Mbps
- Plug-n-Play, no drivers or power supply needed
- Centralize USB devices or eliminate cable clutter on your desktop

G2LUB16
USB 1.1 16 ft. A-A Booster Extension Cable

- Built-in booster chipsets amplify USB signals
- Daisy chainable up to four units to support up to 64 ft.
- Fully USB 1.1 compliant
- Plug-n-Play, no drivers or power supply needed
- Centralize USB devices or eliminate cable clutter on your desktop

Desktop Solutions

GKM611B
Multi-Link Bluetooth Keyboard with Touchpad

- Able to pair with 6 Bluetooth enabled devices and quickly switch between each other
- Ultra-slim ergonomic wireless Bluetooth keyboard with built-in touchpad
- Bluetooth 2.0 technology offers greater range up to 30 feet away from your computer
- Integrated touchpad and left and right mouse buttons creates a user friendly experience and eliminates the need for a separate mouse
- Integrated hotkeys give users easy access to My TV, videos, pictures, music, volume control and more

Bluetooth™

A/V Keyboards for your entertainment system

DESIGN & ENGINEERING SHOWCASE HONORS INNOVATIONS INTERNATIONAL CES® 2011

GKM571R
2.4GHz Multimedia Mini Keyboard with Optical Trackball and Scroll Wheel

- Wireless 2.4GHz palm-size multimedia keyboard designed for your entertainment center
- Ideal convenience to drive the PC to TV content you want, when and how you want it
- Brilliant auto-light sensing backlight LED for use in low light and dark rooms
- Keyboard auto-power activated by opening and closing the protective keyboard cover
- Backlight LED can be turned on/off for battery saving
- 2.4GHz technology offers greater range up to 33 feet away from your computer / home theater PC
- Built-in optical trackball with 400, 800, and 1200 dpi selections
- Built-in left and right mouse buttons with built-in scroll wheel
- Windows Media Center shortcut keys for easy access
- The perfect solution for Digital Living Rooms or PC to TV

GKM681R
2.4GHz Wireless Compact Keyboard with Optical Trackball and Scroll Wheel

- 2.4GHz Wireless Compact Keyboard with built-in optical trackball, left / right buttons and scroll wheel
- Ideal convenience to drive the PC to TV content you want, when and how you want it
- 2.4GHz technology offers greater wireless range up to 33 feet away from your computer / home theater PC
- Conveniently placed buttons and optical trackball for exceptional and precise singlehanded navigation
- Ultra-responsive trackball
- 16 multimedia hotkeys for quick access from Internet Browser, My Computer and Windows Media Player track and volume control
- The perfect solution for Digital Living Rooms or PC to TV

GKM581R
2.4GHz Wireless On-Lap Keyboard with Optical Trackball and Scroll Wheel

- Ergonomic wireless 2.4GHz keyboard with built-in optical trackball, left / right buttons and scroll wheel features
- Brilliant on-lap design - Ideal for a convenient PC to TV experience from the comfort of your couch
- 2.4GHz technology offers greater wireless range up to 33 feet away from your computer / home theater PC
- Conveniently placed left-click button for exceptional and precise singlehanded navigation
- Built-in optical trackball with 1000DPI
- 13 multimedia hotkeys for quick access from Internet Browser, My Computer and Windows Media Player track and volume control
- Slip resistant design with rubber grip
- Battery Low LED
- USB port for included rechargeable NiMH batteries
- The perfect solution for Digital Living Rooms or PC to TV

GKM561R
2.4GHz Multimedia Keyboard with Laser Trackball and Scroll Wheel

- Ultra-slim ergonomic wireless 2.4GHz keyboard with built in laser trackball, left / right buttons and scroll wheel features
- Ideal convenience to drive the PC to TV content you want, when and how you want it
- 2.4Ghz technology offers greater range up to 33 feet away from your computer
- Built-in laser trackball with 400, 800, and 1200 dpi selections
- 19 hotkeys for multimedia functions
- Slip resistant design on both sides with rubber grip

GKM551R
Long Range Media Center Desktop

- Control your computer from up to 33 ft. away with the reliable 2.4GHz wireless technology
- Media Center hotkeys offer quick access to My TV, playback and volume control from your keyboard
- Contoured mouse with soft rubber grips provide outstanding comfort experience
- Laser engine offers exceptional precision and works with most surfaces without a mouse pad
- Channel hopping technology reduces wireless interferences

GKM502
Compact Desktop Combo

- Compact slim-line design maximizes your desktop space
- Hotkeys offer easy access to control your media player, power management and Internet access
- Precise optical tracking technology provides smooth and accurate mouse control
- Low action keys offers more comfort and ease of use
- Plug-n-Play with no software installation required

GME422RW6
Phaser 3-in-1 Wireless Presenter Mouse

- A hybrid wireless mouse and presenter with laser pointer
- Control your computer from up to 30 ft. away, no need to point the mouse toward the computer
- The thumb-operated trackball allows this unit to work as a full-functional presenter mouse
- Laser pointer makes this mouse an excellent presentation tool
- Easily charge the batteries through the USB cradle
- Ergonomically contoured design for comfortable use

GME222A
800 dpi USB Optical Mini Mouse w/Retractable Cable

- Retractable cable to eliminate cable clutter
- Light and portable, ideal for mobile professionals
- 800 dpi optical sensor offers precise control
- Uses very little real estate on your workspace; Needs only a few inches for accurate movement
- Stylish carrying case included

GPEN300
Mobile Scribe Digital Pen with Flash Memory

- Capture natural handwriting from any surface, and store it in the receiver for future use
- No special notepad, digital pad, or ink is required
- 1GB on-board flash drive stores hundreds of pages of information
- Included MyScript® 3.0 full version handwriting recognition software (OCR software) turns your handwriting into digital text
- Full editing capabilities allow you to easily modify your notes
- Export notes via JPEG format and share notes with other users via E-mail or Instant Messaging

GSR201
USB Smart Card Reader

- Contact style Smart Card Reader
- Suitable for a wide range of applications in government, banking, healthcare, transportation, entertainment and secure network login
- EMV 2000 Level 1 approved and support 3V and 5V cards
- LED lights for power on and to indicate a successful scan
- Supports multiple Smart Card protocols and relevant industry standards for digital signage and secure personal identification

GUC2025H
USB 2.0 External HD Adapter

- Easily connect additional HD monitors using a USB 2.0 cable
- Enjoy resolutions of up to 1600 x 1200 or 1920 x 1080 at 32-bit color
- Supports both video and audio signals
- Bus powered; No external power supply needed
- No need to open cases; Great for laptops or leasing computers

GUC2020DW6
USB 2.0 External DVI Video Card

- Add an external DVI video card via your USB 2.0 port
- No need to open computer case; Great for laptops or leasing computers
- Supports resolutions up to 1600 x 1200 or 1920 x 1080 (wide) at 32-bit color
- Extend your PC desktop or mirror the same content to a display
- Connect up to six external monitors with additional adapters
- Windows Flip and Flip 3D effects support

GUC2015V
USB 2.0 External VGA Video Card

- Add an external VGA video card via your USB 2.0 port
- No need to open computer case; Great for laptops or leasing computers
- Supports resolutions up to 1280 x 1024 or 1440 x 1050 (wide) at 32-bit color
- Extend your PC desktop or mirror the same content to a display
- Connect up to six external monitors with additional adapters
- Windows Flip and Flip 3D effects support

GUH286
5-Port USB 2.0 Hub and 56-1 Card Reader with Mini-B Charging Cable

- Provide five USB 2.0 ports and 56 memory card types reading/writing abilities
- Supports CF, SD, microSD/T-Flash, miniSD, MS/MS Duo/M2 and other common card types with no additional adapters needed
- High capacity support for SDHC and microSDHC cards
- Charge and Sync – built-in easy connection for cell phones or other mini-USB devices
- Power adapter included ensures full power supply for devices such as portable hard drives

GFR281
56-in-1 Card Reader / Writer

- Works with common card types with no adapters required
- Supports 56 card formats including CF, SD, microSD/T-Flash, and MS/MS Duo/M2
- Up to 32GB high capacity support for SDHC and micro SDHC cards
- Six dedicated card slots for easy access
- Copy and manage files between different memory cards
- Drive letter recognition software to replace confusing memory card slot icons

GFR209
12-in-1 Pocket Card Reader / Writer

- Supports 12 card types including SD/MMC, microSD/T-Flash, mini SD, MS, MS Pro, MS Duo, and MS Pro Duo
- Up to 32GB high capacity support for SDHC and microSDHC cards
- Works with common card types with no adapters required
- Copy and manage files between memory cards
- Compact form factor offers great portability

GFR210
Pocket Card Reader / Writer

- Supports memory card types including CF, SD/MMC, microSD/T-Flash, M2, MS, MS Pro, MS Duo, and MS Pro Duo
- Up to 32GB high capacity support for SDHC and microSDHC cards
- Works with common card types with no adapters required
- Compact form factor with tuck-away USB cable offers great portability
- Copy and manage files between memory cards

Mobility Solutions

GBHFK331

Solar Bluetooth Caller Announce Hands-Free Car Kit

- Enjoy hands-free talking with the solar-powered Bluetooth speakerphone
- Caller announce for inbound calls
- Voice announce language support in: English, French, Spanish, German & Italian
- Windshield and visor mounting bracket included
- Superior echo cancellation and noise reduction technology

Bluetooth™

Mobile Phone

GBHFK231
Solar Bluetooth Hands-Free Car Kit

- Integrated solar panel continuously recharges the built-in lithium-ion battery
- Multi-point connection: Switch between two paired phones and answer the phone that rings
- Windshield and visor mounting brackets included
- Superior echo cancellation and noise reduction
- One full charge provides up to 11-13 hours continuous talk time
- USB cable and vehicle charging adapter included
- Compatible with most Bluetooth-enabled mobile phones

GHDC3402
HDMI® Connector to HDMI® Micro Connector

- Hi-speed HDMI® cable with Ethernet
- High density triple-shielding for maximum rejection of RFI and EMI
- Gold-plated connectors for optimal signal transfer and corrosion resistance
- 1080p / 60hz support
- Compatible with HTC Evo 4G, Motorola Droid X, Motorola Droid 2 and others

GMP1001B
GearPower™
Portable Battery for Mobile Devices

- Instantly powers and charges your cell phone, Bluetooth® headset, and other USB-compatible mobile devices
- Back-up power for iPod®, iPhone® and MP3 music players
- Ultra-high 2000 mAh Lithium-ion Polymer battery
- Includes multiple connectors for different mobile devices
- Built-in short-circuit, over-charge, and temperature protection
- Smart battery capacity indicator

Made for iPod iPhone

GIPODAVC6
iPhone / iPod AV Composite Cable

- Watch video or play slideshows directly from iPhone / iPod to your TV screen
- Listen to the iPhone / iPod music from your home entertainment system
- USB cable for charging from a AC source during use
- Conveniently sync your iPhone / iPod with your computer
- Compact size and app-free installation
- Ultra-shielded copper cables provides premium audio and video quality

Made for iPod iPhone

GMP2000P
Portable Battery Pack for iPhone / iPod

- Lightweight battery pack
- Lithium-Polymer 1500 mAh battery
- Power level indicator button (Low, Medium or Full)
- Charging status indicator
- Micro-B to USB-A cable included

Made for iPhone

GMP2001P
Leather Case for iPhone 3GS & 3G

- Premium leather case with integrated lithium rechargeable battery
- Add up to 5 hours of talk time
- 1400mAh Lithium-Polymer battery
- Includes Charge and sync cable

"Made for iPod" and "Works with iPhone" means that an electronic accessory has been designed to connect specifically to iPod or iPhone, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

Netbook / Notebook

GCS661U
2-Port USB Laptop KVM Switch with File Transfer

- Control and work on 2 computers conveniently at the same time on 1 screen
- Use your desktop's larger monitor and standard size keyboard to control your netbook
- Built-in File Transfer Utility for creating backups, updating, and transferring files between the connected computers
- Access computers and manage files
- Portable all-in-one cable design (USB 2.0)
- Match remote screen - Fits the second computer's desktop image to your primary screen
- 1 USB 2.0 port for a USB device (such as a printer or storage drive)
- Supports Windows XP, Windows Vista 32-bit / 64-bit and Windows 7
- Plug-n-Play; No power adapter needed

GFR204SD
SD / microSD / MMC Card Reader / Writer

- Supports memory card types including SD / MMC
- Supports for SDXC cards
- USB 2.0 hi-speed data transfer rate up to 480Mb/sec
- Bus powered – NO external AC adapter required

GFR209
12-in-1 Pocket Card Reader / Writer

- Supports 12 card types including SD/MMC, microSD/T-Flash, mini SD, MS, MS Pro, MS Duo, and MS Pro Duo
- Up to 32GB high capacity support for SDHC and microSDHC cards
- Works with common card types with no adapters required
- Copy and manage files between memory cards
- Compact form factor offers great portability

GFR210
50-in-1 Pocket Card Reader / Writer

- Supports memory card types including CF, SD/MMC, microSD/T-Flash, M2, MS, MS Pro, MS Duo, and MS Pro Duo
- Up to 32GB high capacity support for SDHC and microSDHC cards
- Works with common card types with no adapters required
- Compact form factor with tuck-away USB cable offers great portability
- Copy and manage files between memory cards

GUH285
4-Port Hi-Speed USB 2.0 Hub

- Four USB 2.0 ports provide hi-speed USB expansion
- Side-panel port offers more convenience and flexibility
- Slim, portable, lightweight tooling with tuck-away cable design
- LED indicator shows data access status
- Bus powered; No external power source required

The one-stop shop for everything you need to work with your laptop!

GUH287
45-in-1 Mini Combo Hub and Card Reader

- Provide three USB 2.0 ports and multiple memory card reading/writing abilities
- Supports CF, SD, microSD/T-Flash, miniSD, MS/MS Duo/M2 and other common card types with no additional adapters needed
- High capacity support for SDHC and microSDHC cards
- Compact and small form factor design offers great portability
- Backwards compatible with USB 1.1 specifications

GBU421
Bluetooth Dongle

- Plug it and forget it! No need to remove from your laptop computer
- Enables your computer to connect to Bluetooth devices such as cell phones, stereo headphones, or wireless mice
- Bluetooth 2.1 + EDR (Enhanced Data Rate) provides transfer speeds up to 2.1 Mbps
- Supports A2DP Stereo Audio profile wireless streaming
- Compliant with Bluetooth 2.0 specifications; backwards compatible with Bluetooth 1.1 & 1.2

GME222A
800 dpi USB Optical Mini Mouse w/Retractable Cable

- Retractable cable to eliminate cable clutter
- Light and portable, ideal for mobile professionals
- 800 dpi optical sensor offers precise control
- Uses very little real estate on your workspace; Needs only a few inches for accurate movement
- Stylish carrying case included

GUH276
3-Port USB 2.0 Mobile Hub w/ Mini-B Charging Cable

- A hybrid of 3-port USB 2.0 Hub and Mini-B USB connector
- Charge and Sync – built-in easy connection for cell phones or other mini-USB devices
- Slim, portable, and lightweight tooling with tuck-away cable design
- Three USB 2.0 ports provide hi-speed USB expansion
- Bus powered; No external power source required

Networking Solutions

GWU625

Compact Wireless-N USB Adapter

- Dual antenna (1T2R) uses multiple radios to create a robust signal that reduces dead spots and travels farther
- WPS (Wi-Fi Protected Setup™) button for easy security establishment
- Backward compatible with 802.11b & 802.11g networks
- USB 2.0 interface backward compatible to USB 1.1 & 1.2
- Supports wireless encryption: WEP, TKIP, AES, WPA & WPA2

GUWIP201KIT
USB Extension Kit over Wi-Fi

- Access an USB 2.0 device via the pre-associated transmitter and receiver
- Place your device anywhere you want with the built-in Wi-Fi feature
- Eliminate USB distance limitation by utilizing wired or wireless network
- Supports 802.11n Wi-Fi protocol; backward compatible with 802.11g and 802.11b
- Supports multifunction printer feature

GUWIP204
Wi-Fi 4-Port USB Sharing Hub

- Wirelessly share 4 hi-speed USB 2.0 devices with multiple users through your home or office
- Place your device anywhere you like with the built-in Wi-Fi feature
- Print, fax and scan from a multifunction printer over the network
- Wirelessly access external hard drives
- Eliminate USB distance limitation by utilizing wired or wireless network

GHIP201U
PC to HDTV over Gigabit Ethernet

- Transmit 1080p HD audio/video signal from a PC to a HD display over Gigabit Ethernet
- Remote USB keyboard and mouse support
- Supports up to 4 extended/mirror displays

GUIP204
4-Port USB Sharing Hub

- Share 4 hi-speed USB 2.0 devices with multiple users through your home or office
- Print, fax and scan from a multifunction printer over a network
- Wirelessly access external hard drives with an optional wireless router
- Centralize USB devices and eliminate cable clutter on your desktop space
- Eliminate USB distance limitation by utilizing wired or wireless network

GPSU21
USB 2.0 Print Server, 1-Port

- Share a USB printer with multiple users through your home or office network
- Wirelessly print over the network with an optional Wi-Fi router
- Free up your desktop space and eliminate cable clutter
- 10Base-T / 100Base-T auto-sensing
- Supports Telnet and Web Management

GBU421
Bluetooth 2.1 USB Micro Adapter

- Plug it and forget it! No need to remove from your laptop computer
- Enables your computer to connect to Bluetooth devices such as cell phones, stereo headphones, or wireless mice
- Bluetooth 2.1 + EDR (Enhanced Data Rate) provides transfer speeds up to 2.1 Mbps
- Supports A2DP Stereo Audio profile wireless streaming
- Compliant with Bluetooth 2.0 specifications; backwards compatible with Bluetooth 1.1 & 1.2

GBU321
Bluetooth 2.1 USB Adapter, Class 1

- Enables your computer to connect to Bluetooth devices such as cell phones, stereo headphones, or wireless mice
- Bluetooth 2.1 + EDR (Enhanced Data Rate) provides transfer speeds up to 2.1 Mbps
- Supports A2DP Stereo Audio profile
- Bluetooth Class 1 connection provides up to 330 ft. wireless working distance
- Compliant with Bluetooth 2.0 specifications; backwards compatible with Bluetooth 1.1 & 1.2
